PICK A PART INTRODUCES AUTO RECYCLING TO TOLLESON, AZ

TOLLESON, AZ (April 18, 2011) – Pick A Part, one of Arizona’s leading Auto Recyclers, announced the successful expansion of its Self Service Division with the opening of a new location in Tolleson, AZ. This is Pick A Part’s third location to open since the company started in 2006, and with two existing Phoenix and Mesa locations, this Tolleson facility provides convenient access to a Pick A Part yard for West Valley shoppers.

The new addition of the Tolleson facility enables Pick A Part to meet the growing demand for self serve auto parts. Pick A Part offers thousands of vehicles of all makes and models at the lowest prices in town. Purchasing recycled auto parts not only helps reduce the cost of auto repairs for Pick A Part customers, but also benefits the environment.

This expansion has also created a wide variety of jobs in the West Valley for individuals interested in support, management and operations.

Pick A Part is proud to have opened its facility in the West Valley, providing the community with greater savings and convenience when fixing their vehicles, and looks forward to the success of this new location.

Pick A Part (www.MyPickAPart.com) provides the largest inventory of self serve auto parts at the lowest prices in Arizona. Visit the website for a complete list of inventory, news and promotions.

JSL Management (www.JSLManagement.com) owned by Dan and Janet Rush, is the corporate holding company for eight organizations in the auto recycling, towing and scrap metal industries.
